Boston, August 25.—An attempt was made on Saturday to blow up the railroad depot at West Cambridge. The windows and doors of the building were blown out and the roof raised several inches. It is supposed that two Irishmen committed the act in revenge for being put off the cars.

CINCINNATI, August 28 .- The Cuba news is causing an intense excitement here, and a strong feeling of indignation against the au-thorities of Cuba. The papers as well as citi-zens who were opposed to the Cuban expedition are severe in their strictures upon the Spanish Government for its brutal treatment of the prisoners shot, and especially the outrage upon the steamer Falcon.

NASHVILLE, August 25. - An enthusiastic meeting was held on Saturday night to sympathize with the Cuban Liberators. Resolutions were passed, expressing indignation at the bru-tal murders of the captured Americans, and calling upon the Government to inquire into the attack on the Falcon. The right of the President to prevent persons from leaving the country to assist the Cuban Patriots was strenuously denied. A committee was appointed to raise funds to assist the Liberators, and a procession was formed, bearing banners, with the motto, "God and Liberty for Cuba."

CHICAGO, August 23 .- The cholera has nearly disappeared from our vicinity. The Board of Health report that there were no cases yester-day, and none to-day. The weather is very fine, clear and cold.

CRIMINAL COURT .- The court met this morning at ten o'clock, Judge Crawford presiding. The case of Day being called up, on motion

of his counsel for a new trial, and it appearing that all the affidavits required had not been obtained, it was further postponed until Tuesday next.

In the case of the United States vs. James Prentiss, accused of attempting to obtain money under false pretences of W. P. Todd, in pretending that certain certificates of stock of Trinity Land Company were worth \$500 each, when in fact they were worth nothing, the indictment was quashed, on the ground that the attempt to obtain money under such false pretences is not indictable at common law, but was made such by statute, and that the circuit court had decided that the attempt to commit a statutory offence, which was not an offence before the statute, is not indictable.

The court then adjourned till Tuesday next.

A MERCANTILE ARMADA. - About two hundred and fifty vessels sailed from the lower bay, at New York, on Saturday morning. They had been detained there for several days, by head winds and thick weather.

Any gentleman about travelling northward is referred to the advertisement of a "Peculiar Want."

THE MAYOR transmitted to the City Councils yesterday his annual message. It was laid upon the table and ordered to be printed.

CATHOLICISM AND SLAVERY. - The Catholic Telegraph claims that, while six hundred and fifty thousand five hundred and sixty-three slaves are owned by the various Protestant sects. not a Catholic bishop or priest in the country owns a single slave. On the other hand, the Presbyterian of the West affirms that slaves are held in several instances by Catholic religious societies at the South, which are under the control of the clergy; and that slaveholding is as common among the Roman Catholic laity, in proportion to their number, as among Protesthe Roman Catholic laity, in

A SCRIPTURAL MANUAL.—By Chas. Simmons THE DESIGN of this book is, to furnish proof texts, alphabetically and systematically arranged, on all the important topics introduced in the old and New Testaments. Great care has evidently been taken in selecting and classifying these texts. They fill a 12mo, volume of over 500 pages, arranged under no less than 750 distinct topics, with an average of perinaps half a dozen texts to a topic. The book is furnished with a full index, which greatly increases its resolutions, and is a very removed. reatly increases its usefulness, and is in every respect of only a very valuable kind of work, but undoubtedly se best of its class extant.

the best of its class extant.

Were it generally possessed, carefully studied, and faithfully used, the result would be the introduction of a new era in biblical knowledge. It is commended to all clergymen, to students, to families, and especially to Sabbathschool teachers. The good paper, fair type, and mechanical execution of the work, are worthy of its contents. The second stereotyped edition of this book, being its twenty-fifth edition (issued in 1850), is a great improvement on former editions, in the number and arrangement of topics. The fact that 41,000 copies of it have been published within a few years, to meet the gradually increasing demand for it, is a gradifying proof of the estimation in which it is held.

As they cannot here fully explain their views upon the subject of education, they will only state, that having been so long engaged in their present occupation, they are enabled to furnish such references as cannot fail to prove satisfactory to those who may wish to place children under their charge.

The location of this Institution is in the most healthy part of the city, the water excellent, the air pure, and the play-grounds sufficiently large to permit the pupils to use healthful exercise. The several apartments are spacious and well ventilated, and the health, convenience and comfort of the pupils at all times regarded. All apparatus necessary for illustrating the various branches of natural science is furnished, and the services of a professed French teacher secured.

For references, &c., circulars may be obtained at the Seminary. After the first of September, the Principals will take great pleasure in showing those wishing to enter scholars through their establishment.

BETTER THAN GOLD!

PORTSMOWTH, July 9, 1851.

Mr. J. E. Boush—Dear Sir: I feel it a duty to make known the benefit I have derived from Dr. Hampton's VEGETABLE TINCTURE. For a number of years I VEGETABLE TINCTURE. For a number of years I suffered from disease, but to a greater degree for the last three years. One of the forms of my disease was dyspepsia. From this dreadful malady I suffered to such an extent that life was really a burden. The attack of it on me was different to that on any other person of whom I have heard; at times it was like the palpitation of the heart; there was a constant thumping and beating with-out intermission about the region of my heart, chest, and stomach; some of the attacks would last for weeks; my stomach was much distended, with constant pain, great stormen was much discensed, with constant pain, great weakness, and constipation of the bowels. I could not eat the most simple food without pain. I also suffered greatly from disease of the kidneys, with constant pain in the back, that I could walk only with great difficulty. I tried nearly all of the most celebrated patent medicines of the day, but found no relief. I had also the best medical attendance. One of my physicians frankly told me i was of no use for me to be paying him for advice, as he

was of no use for me to be paying him for advice, as he could do me no good. I gave up almost in despair, and thought my disease certainly incurable.

At this juncture I heard of Hampton's Vegetable Tineture. I refused to give it a trial, although persuaded by my friends, until my son purchased a few bottles, and requested me to try it; after taking it a few times, it had accord heavy effect on me, my confidence increased, and requested me to try it; after taking it a few times, it had a most happy effect on me; my confidence increased, and after taking three bottles, my dyspepsia, or disease of the stomach, was nearly if not entirely cured. I now feel myself a new man, and in better health than for years. I am certain the cure in my case was made by this Hampton's Vegetable Tincture alone. Since my cure I have recommended the tincture to a number of my friends, who have also been relieved by it. Some of the cures have been as rapid and equally wonderful as mine.

I present my respects to Messrs. Mortimer & Mowbray, the proprietors of this valuable medicine, and say to them its value is above price; and from my cure, and what I have seen of its effects on others, I shall ever feel it my duty to recommend it to the suffering. I have no doubt many valuable lives will be prolonged by its use. I hope the afflicted will cast aside their prejudices and give it a trial. Yours most respectfully,

[Signed]

the afflicted will cast aside their prejudices and give it a trial. Yours most respectfully, (Signed) John Luke.

The above is extracted from a letter from a gentleman sixty years of age, and of high character. He says: "I have given but a faint idea of my sufferings; I feel inadequate to the task." We also have received, in the last few days, letters from two of our most worthy and well-known citizens, giving two remarkable cures of spinal disease. But yesterday one of the oldest merchants reported that he was cured of neuralgia of the head, of years standing, and so bad that his teeth bell out from its effects. Call and see letters. Was there ever so many cures, wonderful cures, made by any other medicine. All we ask of the afflicted is that they try Hampton's Vegetable Tincture, the great purifier of the blood and cure for all chronic diseases, as dyspepsia, rheumatism, scrofuls, and all complaints of the stomach, bowels, &c.

BLACKWOOD'S MAGAZINE,

BRITISH QUARTERLY REVIEWS. BRITISH QUARTERLY REVIEWS.

Owing to the late revolutions and counter-revolutions among the nations of Europe, which have followed each other in such quick succession, and of which "the end is not yet," the leading periodicals of Great Britain have become invested with a degree of interest hithertc unknown. They occupy a middle ground between the hasty, disjointed, and necessarily imperfect records of the newspapers, and the elaborate and ponderous treaties to be furnished by the historian at a future day. Whoever reads these periodicals obtains a correct and connected account of all the important political events of the Old World, as they occur, and learns the various conclusion-drawn from them by the leading spirits of the age. The American publishers therefore deem it proper to call renewed attention to the works they publish, and the very low prices at which they are offered to subscribers. The following is their list, viz:

The London QUARTERLY REVIEW,

s their list, viz:
THE LONDON QUARTERLY REVIEW,
THE EDINDURGH REVIEW,
THE NORTH BRITISH REVIEW,
THE WESTMINSTER REVIEW, and
BLACKWOOD'S EDINBURGH MAGAZINE.

BLACKWOOD'S EDINBURGH MAGAZINE.

In these periodicals are contained the views, moderately though clearly and firmly expressed, of the three greatest parties in England—Tory, Whig, and Radical; "Blackwood" and the "London Quarterly" are Tory, the "Edinburgh Review" Whig, and the "Westminster Review" Liberal. The "North British Review" owe its establishment to the last great ecclesiastical movement in Scotland. and is not ultra in its views on any one of the grand departments of human knowledge. It was originally edited by Dr. Chalmers, and now, since his death, is conducted by his son-in-law, Dr. Hanna, associated with Sir David Brewster. Its literary character is of the very highest order. The "Westminster," though reprinted under that title only, is published in England under the title of the "Foreign Quarterly and Westminster," it being in fact a union of the two Reviews formerly published and reprinted under separate titles. It has, therefore, the advantage, by this combination, of uniting in one work the best feature of both, as heretofore issued.

of bolli, as heretotore issued.

The above Periodicals are reprinted in New York, immediately on their arrival by the British steamers, in a beau tiful clear type, on fine white paper, and are faithful copies of the originals—Blackwood's Magazine being an ex of both, as heretofore issued. ples of the originals—Blackwood's Mag act fac simils of the Edinburgh edition.

Mr. Robert Sears—Dear Sir: I have looked over the entire series of your valuable publications with much interest and profit; and am quite surprised at the amount of literary labor you have performed, and the research it must have cost you to obtain so many fine illustrations, while you have an active superintendence of an extensive business. I am also gratified at the decidedly moral and religious influence which your books will exert, and cannot but hope that they will do much to counteract the effects of that light and immoral literature which deluges the land, and, like the frogs of Egypt, comes up even to the kneading troughs of our kitchens. May you live long to follow your plans.
